Summary

Junior Frontend Developer specializing in React.js and Next.js with hands-on experience building real-world, scalable web applications. Skilled in TypeScript and Tailwind CSS with a strong focus on performance, clean code, and responsive UI design.

Experience

Frontend Development Trainee — Route Academy

- Trained on HTML, CSS, JavaScript, and React.js, applying them across the projects in this CV

React.js Intern — ITI (Information Technology Institute)

- Additional hands-on training applying HTML, CSS, JavaScript, and React.js
- Used AI tools to help design and build a project from scratch, speeding up development and problem-solving

Skills

- Languages: HTML, CSS, JavaScript (ES6+), TypeScript
- Frameworks & Libraries: React.js, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap
- Tools & Platforms: Git, GitHub, Postman
- Other: REST APIs, Responsive Design

Projects

E-Commerce Web Application

- Built a responsive e-commerce web application using Next.js, TypeScript, and Tailwind CSS
- Developed dynamic product listing with API integration
- Implemented shopping cart and wishlist with full state management
- Integrated online payment system and cash checkout option
